

ARNOLT ARFA NUGRAHA

Junior Web Developer

ABOUT ME

I am a Grade 11 student at SMK Telkom Sandhy Putra Purwokerto, majoring in Software and Game Development (PPLG). I have a strong interest in web and application development, with a particular focus on user interface (UI/UX) design.

To me, technology is both a challenging and exciting field that allows me to be creative, solve problems, and build useful digital solutions for others. With a strong passion for learning, I continuously improve my technical skills and creativity to grow into a professional and innovative software developer.

EDUCATION

SD Palm Kids Purwokerto	2015 - 2021
SMP PUHUA SECONDARY SCHOOL	2021 - 2024
SMK TELKOM PUWOKERTO	2024 - 2026

PROJECTS

Horor Game 3D

Developed a simple 3D horror game using Unreal Engine and Blueprint system. Focused on atmosphere design, exploration mechanics, and basic gameplay features.

Personal Website

Built a personal portfolio website to showcase profile, education, and projects. Includes features such as product page, contact page, and basic UI design for better user experience.

SKILLS

- HTML, CSS, JavaScript
- Python
- Laravel
- UI/UX Design (Figma)
- Graphic Design (Adobe Illustrator, Photoshop, Canva)

LANGUAGES

- Indonesian
- English
